Agenda **Ole-star Start**

05

Participants Taiwan

From a Korean perspective what are the advantages

06

Next Development

Planned new markets and opportunities

07

ICO& Listing Details

Schedule, Use of funds, Token Allocation.

AN INTRODUCTION TO

Ole-stars.com

Platform

What is Ole-stars?

Olestars

01

Ole-stars Platform

An online platform, agents, artists and the fan community to interact, promote and share information and compete for funding from the platform.

02

Agencies

Advantage of better understanding of fan base growth, understanding of new artists penetration, strengths and weaknesses, and cannibalize from existing bands.

03

Artists

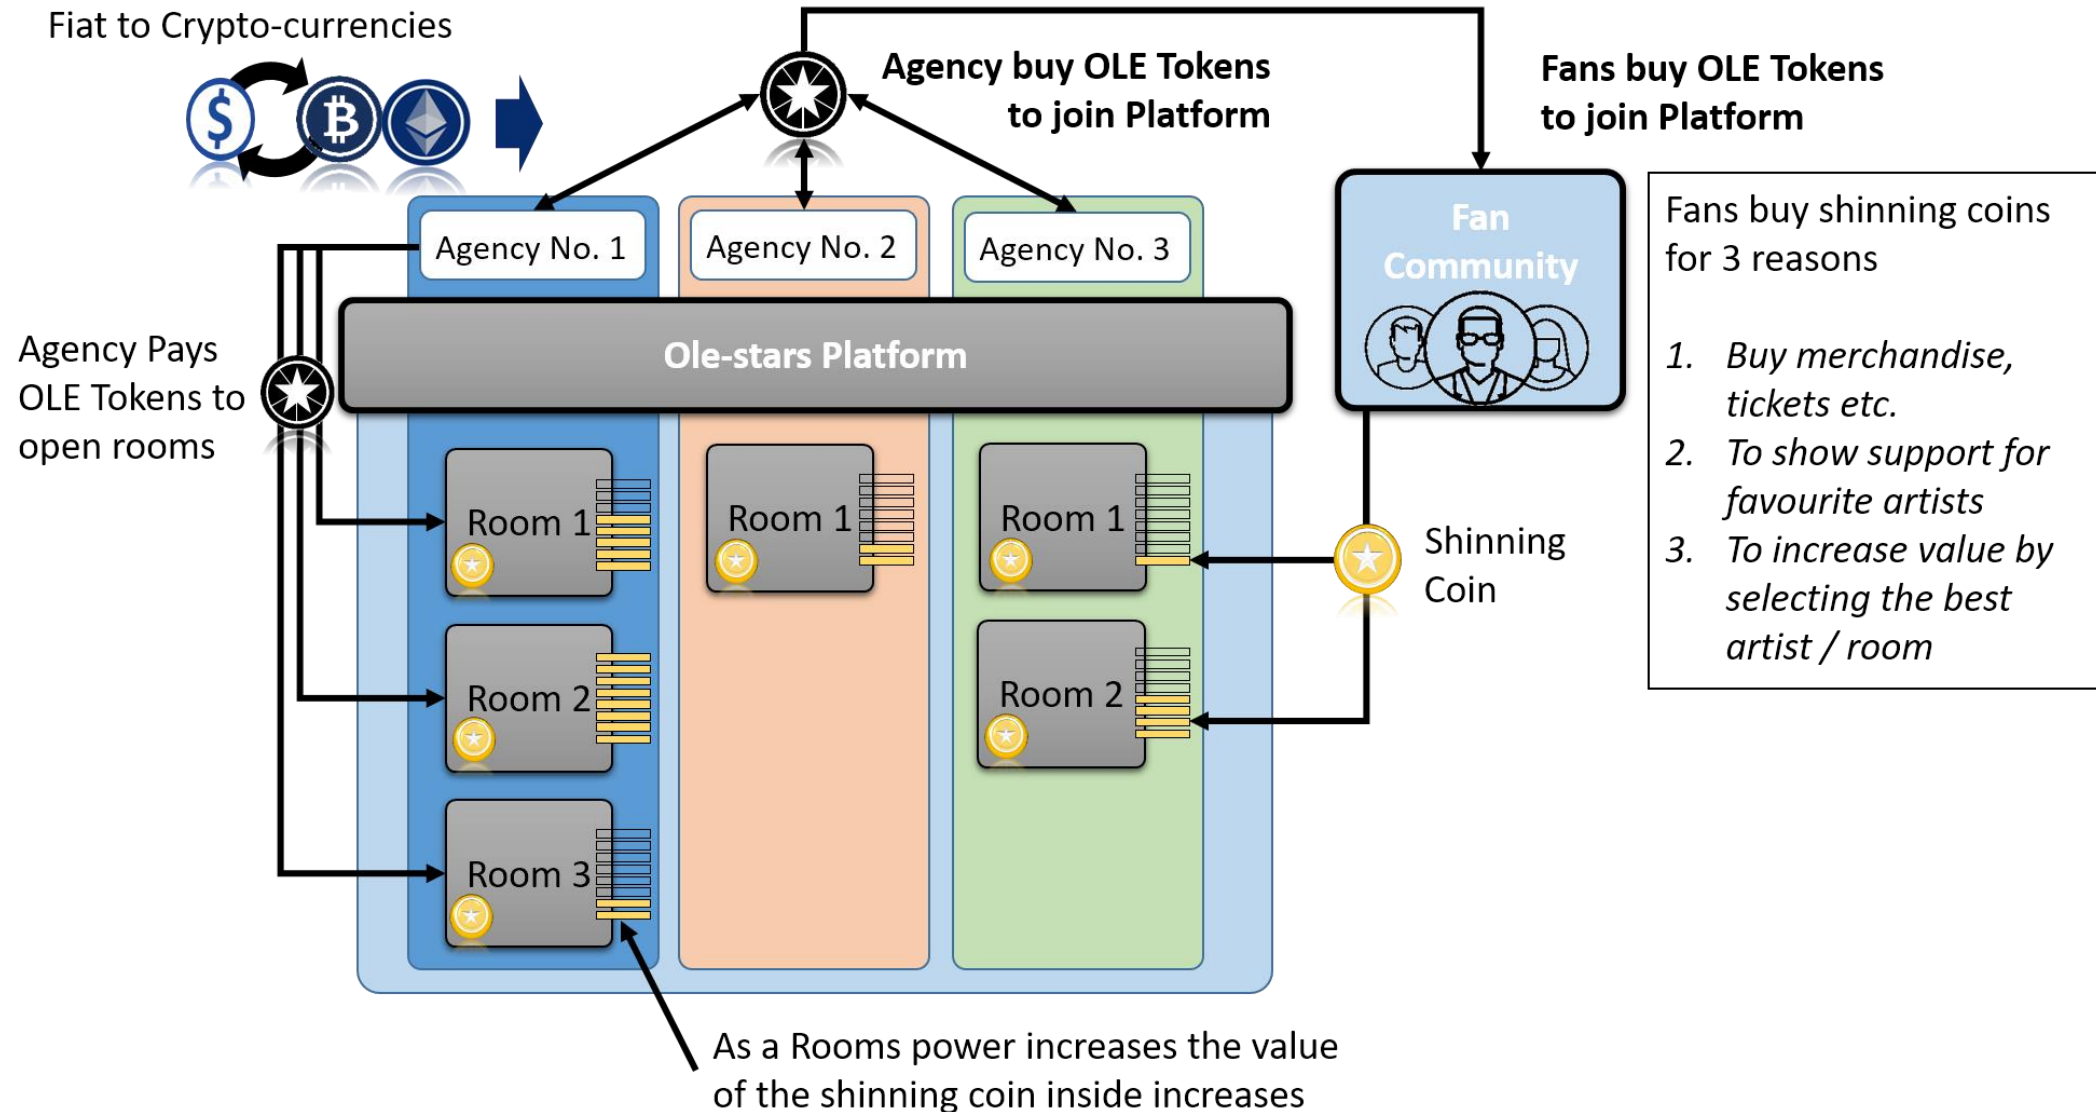

Advantage for artist a better understanding of the fans habits, closer and deeper interaction with fans, plus the opportunity to get sponsorship directly from the platform.

04

Community

Fans will have the opportunity to share coins with artists to show their love for a band or artist, buy special event passes, and merchandise, even book times to see the band members live.

OLE Tokens & Shinning coins

Participants from Korea

Olestars

Korea is well-known for its K-POP scene, we have two hot groups now active on the Ole-Stars platform.

From the Agent: ALL-S Entertainment: MAP 6 & DiamondCrunch

We plan to appoint an advisor to a big singer songwriter and composer.

We will shortly be appointing an advisor to a big singer songwriter and composer.

Participants from Taiwan

Olestars

Taiwan is well-known for its actors and actresses across all ages and to multiple markets such as mainland China, Korea, Japan as well as Taiwan.

Ole-stars will specialize on adding actors / actresses from entertainment in our newly established Taiwan office.

陳凱倫

Prominent Taiwan & China's advisers': Chen Kai Lun have now decided to nurture new actors and actresses on the Ole-stars Platform.

Next Deployment

Olestars

At Ole-Stars we have focused on the Korean K - POP scene, and Taiwanese actor / actress development, but after that, we will continue tie - up with the entertainment companies across Southeast Asian countries where the entertainment scene is hot. .

Tie-up country under consideration
Vietnam, Thailand

Countries to study in the future
Philippines, Indonesia, Malaysia

We are also negotiating with Jackie Chan as an advisor for the big movies in the Hong Kong area.

advertisers

Token Allocation

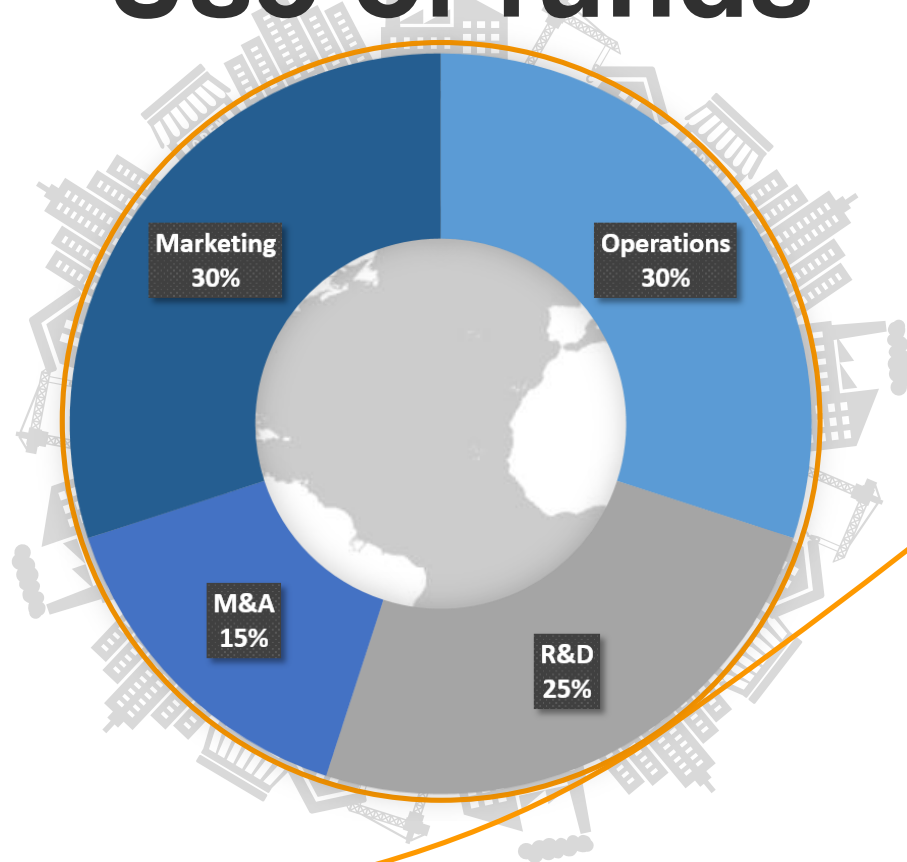

100%

Token Plan

Fluctuation in the gross amount procured may alter the proportion used for the principal items.

Use of funds

100%

Funds Planning

The gross amount procured in the ICO, usage of the funds is largely planned according to the following proportions.

ICO DigiFinex Schedule

Olestars

Following a short limited family sale, Ole-stars has held approximately 75% of its tokens for sale directly to the public, with out pressures from short-term investors we expect continued growth over time without high volatility.

Listing DigiFinex Singapore
BTC 0.00000083
